
Fundraise Your Own Way FAQs

Q: Why should I host a fundraiser for ZERO Prostate Cancer?

A: By hosting a fundraiser for ZERO Prostate Cancer, you have the power to save and extend lives! Together, we can provide hope and resources to everyone impacted by this disease.

Q: What does it mean to “Fundraise Your Own Way”?

A: When you fundraise to support ZERO Prostate Cancer, you host an event, activity, or challenge that engages your network. You choose what kind of fundraiser to host, whether it's a milestone celebration like a birthday or treatment anniversary, expressing your creativity with a bake or craft sale, hosting a community event like a walk or bike ride, or something unique to you and your community. These fundraisers are a fun and flexible way to support prostate cancer patients and families in any way you like. Get creative, rally your network, and make a difference together!

Q: How does ZERO Prostate Cancer support fundraisers?

A: We're here for you every step of the way. Our experienced team provides guidance, tips, customizable templates, and a secure online donation platform. Need fundraising ideas? We have those, too! We'll also provide our logo and tax ID access to boost credibility. Let's work together to make your fundraiser a success!

Q: What are my responsibilities as a fundraiser host?

A: As the host, you'll be responsible for expenses, permits, insurance, and event promotion. Don't worry, though - we've got advice to help you budget wisely and keep things on track. The key is to maximize your impact while minimizing costs. You've got this!

Q: Can I use the ZERO Prostate Cancer logo in my materials?

A: Yes, once approved, feel free to include it on your flyers, website, and social media. Please do not alter the logo and ensure that your materials reflect that your fundraiser benefits ZERO Prostate Cancer, without implying we're official hosts. Before distributing, please send us your materials for review and approval at fundraise@zerocancer.org. Please allow 2-3 business days for turnaround.

Q: What happens to the money I raise?

A: The funds you raise go straight to work supporting ZERO's life-changing support programs and our mission to end prostate cancer. Your donors will get a tax-deductible receipt. If you collect checks, mail them to us with a note about your fundraiser, and we'll add them to your fundraising page totals.

Q: I'm ready to start fundraising! What are my next steps?

A: Wooahoo! Head to zerocancer.org/diy to register your fundraiser and set up your donation page. We encourage you to share your personal connection to prostate cancer to inspire others to give. Recruit a volunteer team, make a game plan, and spread the word. Don't forget to thank your generous supporters along the way!
