ZERO's Impact in Nebraska

Patient Programs

- ZERO360 is ZERO's comprehensive patient navigation service that provides individualized case management to help patients and their families connect with financial assistance, navigate insurance, and find other kinds of support including emotional support and even transportation assistance.
- ZERO also offers peer-to-peer support through our Us TOO Support Groups and MENtor programs. We match patients and caregivers with someone who has been on a similar journey to provide ongoing, one-on-one support. We also run a nationwide network of support groups for those affected by prostate cancer.
- ZERO Connect is our online private Facebook support group where you can connect with others affected by prostate cancer, learn from their experiences, and ask questions to patients and loved ones across the country.

ZERO Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer and help all who are impacted. ZERO advances research, provides support, and creates solutions to achieve health equity to meet the most critical needs of our community. Visit our website: www.zerocancer.org

CDC’s National Comprehensive Cancer Control Program (NCCCP) Funding in Nebraska:

- Objective: Increase the percentage of physicians who discuss prostate cancer screening with Nebraska African American men by ten percent.
- Strategy: Provide clinical seminar(s) on prostate cancer screening. What will be measured: Percent increase. Baseline: TBD after survey. Timeframe: complete by 2016. Note: Survey Lincoln/Omaha physicians most likely to reach African American men to establish baseline.
- Strategy: Provide clinical seminar(s) on prostate cancer screening.
- Reduce the prostate cancer death rate. Target: 21.2 deaths per 100,000 males. Baseline: 23.5 prostate cancer deaths per 100,000 males occurred in 2007 (age adjusted to the year 2000 standard population). Target setting method: 10 percent improvement.
- Increase the proportion of men who have discussed with their health care provider whether or not to have a prostate-specific antigen (PSA) test to screen for prostate cancer.
