ZERO's Impact in Washington, DC

Patient Programs

- ZERO360 is ZERO's comprehensive patient navigation service that provides individualized case management to help patients and their families connect with financial assistance, navigate insurance, and find other kinds of support including emotional support and even transportation assistance.
- ZERO also offers peer-to-peer support through our Us TOO, MENtor, and Caregiver Connector programs. We match patients and caregivers with someone who has been on a similar journey to provide ongoing, one-on-one support. We also run a nationwide network of support groups for those affected by prostate cancer.
- ZERO Connect is our online private Facebook support group where you can connect with others affected by prostate cancer, learn from their experiences, and ask questions to patients and loved ones across the country.

ZERO – The End of Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. Visit our website: www.zerocancer.org.

CDC’s National Comprehensive Cancer Control Program (NCCCP) Funding in Washington, DC:

- **Goal:** Reduce morbidity and mortality due to prostate cancer in the District.
- **Objective 1:** Through the provision of professional and public education, improve the appropriateness of prostate cancer screening for District residents.
- **Objective 2:** Establish a standard for a community prostate cancer screening process, including education and informed decision making.
- **Objective 3:** Increase the early detection and appropriate management of clinically-relevant prostate cancer cases with a high probability of rapid tumor growth to mitigate adverse impact on chances of survival and quality of life.
- **Objective 4:** Reduce the proportion of unstaged prostate cancer cases for all races from the 2004-2008 Surveillance Epidemiology and End-Year Results (SEER) baseline rate of 11.7 to less than 3.
