ZERO's Impact in Hawaii

Patient Programs

- ZERO360 is ZERO's comprehensive patient navigation service that provides individualized case management to help patients and their families connect with financial assistance, navigate insurance, and find other kinds of support including emotional support and even transportation assistance.
- ZERO also offers peer-to-peer support through our Us TOO, MENtor, and Caregiver Connector programs. We match patients and caregivers with someone who has been on a similar journey to provide ongoing, one-on-one support. We also run a nationwide network of support groups for those affected by prostate cancer.
- ZERO Connect is our online private Facebook support group where you can connect with others affected by prostate cancer, learn from their experiences, and ask questions to patients and loved ones across the country.

ZERO – The End of Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. Visit our website: www.zerocancer.org.

CDC’s National Comprehensive Cancer Control Program (NCCCP) Funding in Hawaii:

- **Goal: Increase early detection to decrease late stage cancer.**
- **Objective:** Increase the proportion of primary care providers who conduct a prostate cancer risk assessment with their adult male patients (50-70 years).
- **Strategy:** Promote nationally recognized prostate cancer screening recommendations to the public.
- **Strategy:** Collaborate with existing organizations such as the Hawai’i Prostate Cancer Coalition and UsToo to educate and increase awareness of prostate cancer.
- **Strategy:** Promote appropriate risk assessment tools to providers to promote informed decision-making at appropriate ages depending upon patient’s risk factors.
- **Strategy:** Promote to primary healthcare physicians and specialists on the value of current diagnostic tools and risks such that they can provide the most appropriate health guidance to their patients.
- **Strategy:** Educate employer groups through partnerships with medical and community organizations.
