ZERO's Impact in Kentucky

Patient Programs

- ZERO360 is ZERO's comprehensive patient navigation service that provides individualized case management to help patients and their families connect with financial assistance, navigate insurance, and find other kinds of support including emotional support and even transportation assistance.
- ZERO also offers peer-to-peer support through our Us TOO, MENtor, and Caregiver Connector programs. We match patients and caregivers with someone who has been on a similar journey to provide ongoing, one-on-one support. We also run a nationwide network of support groups for those affected by prostate cancer.
- ZERO Connect is our online private Facebook support group where you can connect with others affected by prostate cancer, learn from their experiences, and ask questions to patients and loved ones across the country.

ZERO – The End of Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. Visit our website: www.zerocancer.org.

University of Kentucky	2001	\$543,000.00

CDC’s National Comprehensive Cancer Control Program (NCCCP) Funding in Kentucky:

- **Goal:** Kentucky men will be able to make informed decisions regarding the risks and benefits associated with prostate cancer screening.
- **Objective:** By 2014, develop a baseline measure for the percentage of Kentucky men ages 40 and older who have had the risks and benefits of prostate cancer screening explained to them by a provider.
- **Strategy:** Fund the addition of a Behavioral Risk Factor Surveillance System (BRFSS) question, for men aged 40 and older, to read “Has a healthcare professional discussed with you the risks and benefits of being screened for prostate cancer?”
