*Source: Estimates based on 2022 data from the American Cancer Society*

## ZERO's Impact in North Dakota

### Patient Programs

- ZERO360 is ZERO's comprehensive patient navigation service that provides individualized case management to help patients and their families connect with financial assistance, navigate insurance, and find other kinds of support including emotional support and even transportation assistance.
- ZERO also offers peer-to-peer support through our Us TOO, MENtor, and Caregiver Connector programs. We match patients and caregivers with someone who has been on a similar journey to provide ongoing, one-on-one support. We also run a nationwide network of support groups for those affected by prostate cancer.
- ZERO Connect is our online private Facebook support group where you can connect with others affected by prostate cancer, learn from their experiences, and ask questions to patients and loved ones across the country.

**ZERO – The End of Prostate Cancer** is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. Visit our website: [www.zerocancer.org](http://www.zerocancer.org).

## CDC’s National Comprehensive Cancer Control Program (NCCCP) Funding in North Dakota:

- **Objective:** Promote informed and shared decision making for age-appropriate North Dakota men regarding prostate cancer screening.
- **Strategy:** Provide education for healthcare professionals and the public about the risks and benefits of prostate cancer screening for men ages 50 and older, as well as men ages 40 to 49 who are at high risk for prostate cancer.
- **Strategy:** Promote informed and/or shared decision making based on personal and family history by age-appropriate North Dakotans and healthcare providers.
- **Strategy:** Disseminate discussion tools, such as question lists, to facilitate active discussion with healthcare providers regarding the risks and benefits of prostate cancer screening.
- **Strategy:** Monitor the prostate cancer incidence and death rates annually, as well as prostate cancer screening rates, via the Behavioral Risk Factor Surveillance System (BRFSS) and biannually disseminate the findings for evaluation and planning.
- **Strategy:** Advocate for a state-added question in the BRFSS survey biannually regarding informed and shared decision making by men ages 50 to 75 years.
- **Strategy:** Reduce barriers to prostate cancer screening (when screening is indicated), including but not limited to, language, financial, geographic, access issues, and low literacy.
- **Strategy:** Advocate for healthcare settings and staff that are culturally sensitive.
- **Strategy:** Promote the business case and benefits of prostate cancer early detection and screening of employees, when indicated, with business leaders and policy makers.

**ZERO – The End of Prostate Cancer** is the leading national nonprofit with the mission to end prostate cancer. ZERO advances research, improves the lives of men and families, and inspires action. Visit our website: [www.zerocancer.org](http://www.zerocancer.org).
