INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
ZERO - The End of Prostate Cancer

Opinion

We have audited the accompanying financial statements of ZERO - The End of Prostate Cancer ("ZERO"), which comprise the statements of financial position as of March 31, 2022 and 2021; the related statements of activities, functional expenses, and cash flows for the years then ended; and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of ZERO as of March 31, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ZERO and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Responsibilities of Management for the Financial Statements (continued)

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ZERO's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ZERO's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ZERO's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Handwritten signature in black ink that reads "Rogers + Company PLLC". The signature is written in a cursive, slightly stylized font.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

1. Nature of Operations

ZERO - The End of Prostate Cancer (“ZERO”) was formerly known as ZERO - The Project to End Prostate Cancer before changing its name on June 6, 2012. Prior to that date, ZERO had been known since May 8, 2008 as National Prostate Cancer Coalition Fund (NPCCF). NPCCF, incorporated under the laws of the District of Columbia on July 7, 1998, was the surviving organization from a merger on December 21, 1998 between NPCCF and National Prostate Cancer Coalition, Inc. (NPCCI), an organization incorporated under the laws of the state of Florida on September 6, 1996. On September 29, 2021, ZERO’s Board of Directors voted to ratify an Asset Transfer Agreement between ZERO and Us TOO International, Inc. (“US TOO”), a 501(c)(3) nonprofit organization, whereby Us TOO closed its organization and transferred all residual assets and liabilities to ZERO.

ZERO’s activities and programs are created to advance research, encourage action, provide patient support, and promote education and awareness of prostate cancer. Programs are funded primarily through contributions from individuals, foundations, and corporations.

On December 5, 2019, ZERO’s Board of Directors voted to change ZERO’s fiscal year end from December 31 to March 31 of each year to better coincide with its operational activities. This change in reporting cycle began on April 1, 2020.

Program Description

ZERO - The End of Prostate Cancer is the leading national nonprofit with the mission to end prostate cancer and help all who are impacted. ZERO advances research, provides support, and creates solutions to achieve health equity to meet the most critical needs of our community. ZERO is building Generation ZERO, the first generation of men free from prostate cancer, through its national run/walk series, education and patient support programs, and grassroots advocacy. ZERO is a 501(c)(3) philanthropic organization, ranked four stars by Charity Navigator and accredited by the Better Business Bureau, with regional chapters across the country. For more information, visit www.zerocancer.org.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

1. Nature of Operations (continued)

Program Description (continued)

ZERO's patient support programs help men navigate their diagnosis and treatment options with a free, customized service that connects them with the resources they need including financial assistance and emotional support. ZERO also provides comprehensive treatment and education information to patients and their families throughout their prostate cancer journeys via ZERO's website and robust social media, webinars, and widely distributed videos and printed materials. ZERO's national platform of events, including the ZERO Prostate Cancer Run/Walk series, the Team ZERO endurance program, and the ZERO Prostate Cancer Summit, is activating the prostate cancer community and increasing research funding while raising awareness and protecting access to care.

ZERO is committed to bridging the gap between racial and health disparities in prostate cancer among Black men. ZERO's team, in collaboration with its Prostate Cancer Health Equity Task Force, will help bring awareness of prostate cancer to high-risk men, strengthen existing early detection and education initiatives, and identify new ways to further address these issues in a consistent and impactful manner.

2. Summary of Significant Accounting Policies

Basis of Accounting and Presentation

ZERO's financial statements are prepared on the accrual basis of accounting. Net assets are reported based on the presence or absence of donor-imposed restrictions.

Classification of Net Assets

- *Net Assets Without Donor Restrictions* – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.
- *Net Assets With Donor Restrictions* – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Cash Equivalents

For the purpose of the statements of cash flows, ZERO considers as cash equivalents all highly liquid investments, which can be converted into known amounts of cash and have a maturity period of 90 days or less at the time of purchase. Excluded from this definition of cash equivalents are amounts held in investment portfolios, which are included in investments in the accompanying statements of financial position.

Grants and Contributions Receivable

Grants and contributions receivable primarily consist of promises and gifts from corporations, foundations, and individuals. Management expects all contributions receivable to be fully collectible; accordingly, no allowance for doubtful receivables has been established. If management determines the receivable to be uncollectable, it is directly charged off at that time. All grants and contributions receivable at March 31, 2022 and 2021 are reflected at either net realizable value or at net present value based on projected cash flows. When grants and contributions are receivable beyond one year, ZERO's policy is to discount those receivables to net present value. All receivables at March 31, 2022 and 2021 were due within one year.

Investments

Investments consist of money market funds, certificates of deposit, fixed income bonds, mutual funds, and alternative investments, including hedge funds and an investment in a privately held investment. Investments in marketable securities are recorded at fair value based on quoted market prices.

The investment in a privately held corporation has no readily-determinable market value and is valued at fair value as estimated by the general partners and corporations. Because of inherent uncertainty of valuation, it is reasonably possible that estimated values may differ significantly from the values that would have been used as ready market for the securities existed, and the differences could be material. In addition, certain investments may also have risk associated with concentrations of investments in one geographic region and in certain industries. The privately held corporation's ability to liquidate certain investments may be inhibited since the issuers may be privately held or the corporation may own a relatively large portion of the issuers' equity securities.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Investments (continued)

All realized and unrealized gains and losses, and investment management fees, are reported as a component of net investment return in the accompanying statements of activities.

Property and Equipment

ZERO capitalizes all property and equipment acquisitions of \$2,500 and above. Property and equipment are carried at cost, if purchased, or fair value at date of donation, if contributed. Depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets, which range from three to seven years. Expenditures for maintenance and repairs are charged to expenses as incurred.

Grants Payable

Grants payable represent amounts paid to participating cities in ZERO's races for a percentage of the total income generated from the races. Additionally, ZERO funds prostate cancer research through discretionary grants. These grants are recorded in the accompanying statements of financial position as a liability and expense in the fiscal period the grantee completes their request form. All grants payable are due within one year at March 31, 2022 and 2021.

Charitable Gift Annuities

Annuity obligations arising from split-interest gifts are recognized as charitable gift annuities in the accompanying statements of financial position. The initial liabilities resulting from these gifts are measured at fair value using the present value of the future payments to be made to beneficiaries. These liabilities are subsequently remeasured at the present value of future payments to beneficiaries based on changes in life expectancy and other actuarial assumptions.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition

Revenue Accounted for in Accordance with Contribution Accounting

Grants and contributions that are nonreciprocal are recognized as revenue when cash, securities, or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. ZERO reports gifts of cash and other assets as restricted support if they are received or promised with donor stipulations that limit the use of the donated funds to one of ZERO's programs or to a future year. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

ZERO receives certain promises to give, collected over multiple accounting periods, and classifies the portion receivable in future accounting periods as restricted revenue. ZERO discounts the promises to give using an appropriate discount rate over the contribution period, if material.

Conditional contributions contain a donor-imposed condition that represents a barrier that must be overcome before ZERO is entitled to the assets transferred or promised. Failure to overcome the barrier gives the donor a right of return of the assets it has transferred or gives the promisor a right of release from its obligation to transfer its assets. Conditional contributions are recognized as revenue, either with or without donor restrictions, when donor-imposed conditions are substantially met, and any barriers are overcome. Donor restrictions are also satisfied when qualifying expenditures are incurred for the donor-specified program.

Revenue Accounted for as Contracts with Customers

Revenue is recognized when ZERO satisfies a performance obligation by transferring a promised good to, or performing a service for, a customer. The amount of revenue recognized reflects the consideration ZERO expects to receive in exchange for satisfying distinct performance obligations. If a performance obligation does not meet the criteria to be considered distinct, ZERO combines it with other performance obligations until a distinct bundle of goods or services exists. Fees or amounts received in advance of satisfying contractual performance obligations are reflected as deferred revenue in the statements of financial position. Revenue is recognized either over time or at the point in time that contractual obligations are met.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Revenue Recognition (continued)

Revenue Accounted for as Contracts with Customers (continued)

Revenue from registrations and special events is recognized as earned in the period in which the events take place or the service is provided. Amounts received in advance are deferred and recognized when the performance obligations are met.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and changes in net assets. Expenses are allocated among the programs and support services based on the functions they directly benefit or upon management's estimates of the proportion of the expenses applicable to each function.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Measure of Operations

ZERO considers items that are unusual in nature to be non-operating items. The gain on the merger with Us TOO, as described in Note 16, is not included in the change in net assets from operations and presented as a non-operating activity in the accompanying statements of activities.

Advertising Expense

ZERO expenses advertising costs as incurred. ZERO spent \$107,523 and \$33,423 on advertising during the years ended March 31, 2022 and 2021, respectively.

Allocation of Joint Costs

For both years ended March 31, 2022 and 2021, ZERO did not incur any joint costs for program event activities.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

2. Summary of Significant Accounting Policies (continued)

Recently Issued Accounting Pronouncement

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2016-02, *Leases*. The update requires a lessee to recognize a right-of-use asset and lease liability, initially measured at the present value of the lease payments, in its statements of financial position. The guidance also expands the required quantitative and qualitative lease disclosures. The guidance is effective beginning in fiscal year 2023.

Subsequent Events

In preparing these financial statements, ZERO has evaluated events and transactions for potential recognition or disclosure through October 11, 2022, the date the financial statements were available to be issued.

3. Liquidity and Availability

ZERO strives to maintain liquid financial assets sufficient to cover short-term general expenditures. Management periodically reviews ZERO's liquid asset needs and adjusts the cash and cash equivalents balances as necessary. Amounts in excess of operating liquidity are invested in various short-term and highly liquid securities.

Additionally, ZERO considers net assets with donor restrictions for use in current programs that are ongoing, major, and central to its annual operations to be available to meet cash needs for general expenditures.

The financial assets that are available for general expenditures within one year of the statements of financial position date comprise the following at March 31:

	<u>2022</u>	<u>2021</u>
Cash and cash equivalents	\$ 890,626	\$ 92,646
Grants and contributions receivable	196,573	858
Short-term investments	6,415,035	5,749,500
Employee receivable and other receivable	<u>1,426</u>	<u>-</u>
Total available for general expenditures	<u>\$ 7,503,660</u>	<u>\$ 5,843,004</u>

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

4. Concentration of Credit Risk

ZERO maintains cash and cash equivalents, and investments at financial institutions in the Washington, DC metropolitan area. The accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC) and Securities Investor Protection Corporation (SIPC). At times, deposits may exceed federally insured limits. Management believes the risk in these situations to be minimal.

5. Chapters

ZERO has 9 regional Chapters (“the Chapters”) that were established to carry on continuing activities in support of ZERO’s mission in the regions outside the Washington, DC metro area, including efforts on runs/walks within each of the Chapters’ geographical regions, and also cultivating education and awareness events within their regions. The Chapters cover 9 regions: the Mid-Atlantic Chapter, South Atlantic Chapter, Midwest Chapter, Texas/Oklahoma Chapter, East Coast Metro Chapter, Southern California Chapter, Northern California Chapter, Southeast Chapter, and the New England Chapter. The Chapters are related, controlled entities that are not included in the accompanying financial statements as their operations are immaterial to ZERO. Net assets of all Chapters totaled \$0 at both March 31, 2022 and 2021.

6. Investments and Fair Value Measurements

ZERO follows FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, for its financial assets. This standard establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value measurement standards require an entity to maximize the use of observable inputs (such as quoted prices in active markets) and minimize the use of unobservable inputs (such as appraisals or other valuation techniques) to determine fair value. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the entity’s perceived risk of that instrument.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

6. Investments and Fair Value Measurements (continued)

The inputs used in measuring fair value are categorized into three levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and liabilities and have the highest priority. Level 2 is based upon observable inputs other than quoted market prices, and Level 3 is based on unobservable inputs.

ZERO recognizes transfers between levels in the fair value hierarchy at the end of the reporting period.

Level 1 Investments

Where quoted prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 assets include money market funds, fixed income bonds, and mutual funds held as investments.

Level 2 Investments

When quoted market prices for similar assets are available in markets that are not active, securities are classified within Level 2 of the valuation hierarchy. Level 2 includes certificates of deposit, and also hedge funds held as alternative investments. The hedge funds are measured in quantifiable units at quoted market prices on a monthly basis by the broker, and the broker's pricing methodology is assessed when determining the fair value hierarchy. Due to the frequency of the availability of market quotations, the hedge funds are categorized as Level 2 in the valuation hierarchy.

Level 3 Investments

In cases where there is limited activity or less transparency around inputs to the valuation, securities are classified within Level 3 of the valuation hierarchy. Level 3 consists of an investment in a corporation, where ZERO has less than 0.5% ownership of voting interest. Investment in private company stock is determined using techniques consistent with both the market and income approaches, based on the estimates and assumptions in the absence of observable market data.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

6. Investments and Fair Value Measurements (continued)

Level 3 Investments (continued)

The market approach considers comparable companies, comparable transactions, and company-specific information, including, but not limited to, restrictions on disposition, subsequent purchases of the same or similar securities by other investors, pending mergers and acquisitions, and the current financial position and operating results. The income approach considers the projected operating performance of the portfolio company. The value of these assets is based on unobservable inputs and ZERO's own assumptions, and is therefore classified within Level 3.

The following table presents ZERO's fair value hierarchy for those assets measured on a recurring basis at March 31, 2022:

	Level 1	Level 2	Level 3	Total fair value
Money market funds	\$ 98,556	\$ -	\$ -	\$ 98,556
Certificates of deposit	-	97,432	-	97,432
Fixed income bonds:				
U.S. fixed income	620,354	-	-	620,354
Non-U.S. fixed income	642,585	-	-	642,585
Global fixed income	704,054	-	-	704,054
Mutual funds:				
Large cap	2,749,299	-	-	2,749,299
Equities	1,232,586	-	-	1,232,586
Alternative investments:				
Hedge funds	-	319,243	-	319,243
Privately held investment	-	-	50,861	50,861
Total investments	\$ 6,047,434	\$ 416,675	\$ 50,861	\$ 6,514,970

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

6. Investments and Fair Value Measurements (continued)

The following table presents ZERO's fair value hierarchy for those assets measured on a recurring basis at March 31, 2021:

	Level 1	Level 2	Level 3	Total fair value
Money market funds	\$ 2,474,805	\$ -	\$ -	\$ 2,474,805
Fixed income bonds:				
U.S. fixed income	1,700,423	-	-	1,700,423
Non-U.S. fixed income	164,662	-	-	164,662
Global fixed income	210,214	-	-	210,214
Mutual funds:				
Large cap	754,030	-	-	754,030
Equities	355,495	-	-	355,495
Alternative investments:				
Hedge funds	-	89,871	-	89,871
Privately held investment	-	-	37,543	37,543
Total investments	\$ 5,659,629	\$ 89,871	\$ 37,543	\$ 5,787,043

The following table presents ZERO's activity for its investments measured at fair value on a recurring basis using significant unobservable inputs (Level 3):

	Privately Held Investment
Balance, March 31, 2020	\$ 72,380
Unrealized loss	(34,837)
Balance, March 31, 2021	37,543
Unrealized gain	13,318
Balance, March 31, 2022	<u>\$ 50,861</u>

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

6. Investments and Fair Value Measurements (continued)

Net investment return consists of the following for the years ended March 31:

	2022	2021
Interest and dividends	\$ 133,186	\$ 60,590
Realized gain	81,295	78,538
Unrealized (loss) gain	(142,752)	287,876
Investment management fees	(13,307)	(9,425)
Total investment return, net	<u>\$ 58,422</u>	<u>\$ 417,579</u>

7. Property and Equipment

Property and equipment consists of the following at March 31:

	2022	2021
Database	\$ 150,978	\$ 150,978
Furniture and equipment	163,673	140,145
Website	241,166	241,166
Total property and equipment	555,817	532,289
Less: accumulated depreciation and amortization	(496,147)	(441,980)
Property and equipment, net	<u>\$ 59,670</u>	<u>\$ 90,309</u>

8. Paycheck Protection Program Loan

ZERO applied for two loans under the Paycheck Protection Program (PPP) pursuant to Division A, Title 1 of the CARES Act, which was enacted on March 27, 2020. The PPP is a loan designed to provide a direct incentive for small businesses to keep their workers on the payroll through the COVID-19 coronavirus, for which ZERO qualified. After the loans are granted, the Small Business Administration (SBA) will forgive loans if all employee retention criteria are met, and the funds are used for eligible expenses (which primarily consist of payroll costs, costs used to continue group healthcare benefits, rent, and utilities).

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

8. Paycheck Protection Program Loan (continued)

The initial loan was granted to ZERO on April 21, 2020 in the amount of \$582,750, with terms including a 1.00% fixed interest rate. The loan was scheduled to mature on April 21, 2022. ZERO initially recorded the cash inflow from the PPP loan as a refundable advance, and recognized the amount as it was spent. On November 6, 2020, the SBA approved full forgiveness of the loan and remitted the forgiveness amount to the financial institution, including applicable interest accruals. The forgiven amount is recognized as government grant revenue, and is included in grants and contributions in the accompanying statement of activities for the year ended March 31, 2021.

On February 18, 2021, ZERO was granted a round draw of the PPP loan. The loan was granted in the amount of \$563,351 with similar terms as the initial PPP loan, including a 1.00% fixed interest rate and a five-year term, scheduled to mature on February 28, 2026. The amount is reflected as refundable advance in the accompanying statement of financial position at March 31, 2021. On September 8, 2021, the SBA approved full forgiveness of the loan, and remitted the forgiveness amount to the financial institution, including applicable interest accruals. The forgiven amount is recognized as government grant revenue, and is included in grants and contributions in the accompanying statement of activities for the year ended March 31, 2022.

9. Employee Retention Tax Credit

ZERO became eligible to apply for the employee retention tax credit (ERTC), a provision of the CARES Act. The ERTC can be claimed through December 31, 2021 for eligible employers who retained employees during the COVID-19 pandemic. Employers are eligible for the credit if they experienced either a full or partial suspension of operations during any calendar quarter because of governmental orders due to the pandemic, or a significant decline in gross receipts based on comparing quarterly revenue results for 2020 and/or 2021 with the comparable quarter in 2019. The ERTC is a refundable credit that ZERO can claim on qualified wages paid to employees, including certain health insurance costs.

During the year ended March 31, 2022, ZERO filed refund claims in the aggregate amount of \$155,334 with the Internal Revenue Service, which are included in other income in the accompanying statement of activities. At March 31, 2022, \$155,334 of employee retention tax credit amounts are included in grants and contributions receivable in the accompanying statements of financial position.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

10. Net Assets With Donor Restrictions

Net assets with donor restrictions were restricted for the following at March 31:

	<u>2022</u>	<u>2021</u>
Purpose restricted	\$ 493,593	\$ -
Time restricted	<u>475,000</u>	<u>645,000</u>
Total net assets with donor restrictions	<u>\$ 968,593</u>	<u>\$ 645,000</u>

Net assets with donor restrictions were released from restrictions as follows for the years ended March 31:

	<u>2022</u>	<u>2021</u>
Purpose restricted	\$ -	\$ 377,000
Time restricted	<u>645,000</u>	<u>270,000</u>
Total net assets released from restrictions	<u>\$ 645,000</u>	<u>\$ 647,000</u>

11. Commitments and Contingencies

Operating Leases

ZERO has an operating lease for office space, which commenced on July 27, 2015 and expires July 31, 2025. The lease includes incentives and an annual escalation clause of 2.75%, as defined in the lease agreement. ZERO is responsible for its prorated share of real estate taxes and operating expenses. Under accounting principles generally accepted in the United States of America (GAAP), all rental payments, including fixed rent increases, are recognized on a straight-line basis over the term of the lease. The difference between the GAAP rent expense and the required lease payments is reflected as deferred rent in the accompanying statements of financial position.

In 2019, ZERO entered into an operating lease agreement for office equipment. The lease term is 63 months and contains fixed quarterly rental payments of approximately \$784.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

11. Commitments and Contingencies (continued)

Operating Leases (continued)

Future minimum lease payments under all leases are as follows for the years ending March 31:

2023	\$	179,680
2024		184,535
2025		186,387
2026		<u>15,672</u>
Total future minimum lease payments	\$	<u><u>566,274</u></u>

Occupancy expense was \$181,368 and \$187,648 for the years ended March 31, 2022 and 2021, respectively.

Hotel Contracts

ZERO holds its meetings at various hotels and venues, and enters into contracts for its future meetings. In the event that ZERO cancels its agreements with the venues, it can be held liable for liquidated damages, depending upon the date of cancellation.

12. Line of Credit

ZERO has a secured line of credit (“LOC” with a bank) through August 31, 2020. Under the terms of the agreement, ZERO may repay the LOC with interest at either the adjusted LIBOR rate plus 1.9% or a fixed rate per annum equal to the offered rate applicable to such LOC. The bank has a security interest in and a lien upon all marketable securities maintained by ZERO at the bank. The line of credit was closed on August 31, 2020.

13. Retirement Plan

In 2005, ZERO adopted a Section 403(b) Retirement Plan (“the Plan”). All regular full-time and part-time employees who work seventeen-and-one-half (17.5) hours or more weekly are eligible to participate in the Plan through salary deferrals. Participation in the Plan begins on the first day of employment, and employees become eligible for employer matching contributions after attaining one year of service. Upon eligibility, participants are immediately vested in employer matching contributions.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

13. Retirement Plan (continued)

During the year ended December 31, 2015, ZERO began contributing 100% of the first 3% of compensation a participant contributes to the Plan and 50% of the next 2% of compensation a participant contributes to the Plan. The maximum annual employer contribution for a participant is 4% of a participant's annual salary. Total contribution expense was \$136,875 and \$79,019 for the years ended March 31, 2022 and 2021, respectively.

14. Consultants

Consultant expenses are allocated as follows for the years ended March 31:

	<u>2022</u>	<u>2021</u>
Programs:		
Event management (runs/walks)	\$ 155,777	\$ 107,752
Advocacy	294,096	185,595
Patient support	146,345	134,459
Communications	<u>169,428</u>	<u>5,976</u>
Total consultant expenses	<u>\$ 765,646</u>	<u>\$ 433,782</u>

15. Income Taxes

ZERO is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC). ZERO is, however, subject to income taxes on any unrelated business income. In addition, the Internal Revenue Service has determined that ZERO is not a private foundation within the meaning of IRC Section 509(a). Management has evaluated all tax positions and has concluded that ZERO has taken no uncertain tax positions that qualify for either recognition or disclosure in the accompanying financial statements.

ZERO - The End of Prostate Cancer

Notes to Financial Statements
March 31, 2022 and 2021

16. Merger with Us TOO

On February 24, 2021, ZERO entered into a letter of intent with Us TOO, whereby ZERO and Us TOO would merge operations in 2021. On October 14, 2021, Us TOO transferred all of its assets, rights, and property to ZERO in the aggregate amount of \$1,305,360, which is recorded as a gain on merger with Us TOO, and reflected as non-operating activity in the accompanying statement of activities for the year ended March, 31, 2022. ZERO remains as the surviving entity carrying on programs consistent with the mission of ZERO and Us TOO, and continues to provide direct patient support to Us TOO's support group nationwide.
