Us TOO is a 501-c-3 charitable
organization founded in 1990 by and
for Prostate Cancer Survivors, their
families and men at risk

Someone to talk to . . .
who understands

March 24, 2009

Dear Us TOO Support Group Leaders and Friends:

I want to thank all of you who have donated to the home office to help us continue to provide the *Hot Sheet* at no cost once again. It is our pleasure to send the April 2009 edition.

Included with the *HotSheet* is the April/May edition of the *Chapter News!* designed to share the many things being accomplished by the chapters and to provide key updates.

On the cover is a story about our beloved Bill Blair who did so much for so many and for Us TOO over the years. As Bill has said, we should *"honor the fallen by serving the living."*

Please note on pages 3-4 of the *Chapter News!* is a copy of yesterday's joint Press Release in reaction to the *New England Journal of Medicine's* research stories on screening. This has many of you commenting and sending email messages.

This information is up on the Us TOO website and there is an informational link to two videos provided by Dr. Chodak on these studies and also a telephone number for a recording of an NCI session on the US study available through April 18th.

As you will see in this April 2009 issue of the *HotSheet* we have information on developments to tell the fatal cancer from the less lethal, and another story on PSA screening, dietary information, examples of supporters raising money for Us TOO, ways to speak-up and support the Congressionally Directed Medical Research at the DOD, the comments by our two doctors and much more.

I would like to point out we are again offering the fun Us TOO June online Auction...we need donated items, the more donations, the more Us TOO can net from this event. Thank you so much for all you are doing in your communities!

Thomas Kirk,

President and CEO
