January 21, 2010

Dear Us TOO Support Group/Chapter Leaders and Friends,

We are pleased to send the February 2010 *HotSheet*. You can see the new *Us TOO 20th Anniversary logo* on our latest letterhead...mark your calendars for our event on August 20-21, 2010 here in the Chicago area.

The free copy of the *HotSheet* may surprise some of you, but we want to remind you that Jackie will be asking for current address information, and sending out the mailing costs very soon for those of you that request printed copies of the 2010 *HotSheets*. You still have the option to receive printed copies mailed to you if you choose or go to the Us TOO webpage and print out free copies.

Also, please find enclosed flyers for a new clinical trial, the Affirm trial, for people with advanced disease that is hormone resistant. We are also sending an email out on the trial as well.

Please be aware that our auditors have begun their work and please reply to the email we recently sent asking for annual financial information. We have used the same short form as last year. We are trying to keep this simple and easy, but we do need to meet our reporting requirements to protect our tax exempt privileges and status.

In this edition of the *HotSheet* we have included many interesting articles (for example; information on the analysis of the mortality data in the European Screening study, new recommendations by NCCN Clinical Practice Guidelines on active surveillance, the use of PSA velocity and more) as well as input and opinions from Drs. Moyad, Myers and Chodak.

I want again to thank you for what you are doing out there to support and help others. Please stay in touch and remember this office is here to assist and facilitate what you do out there.

Cheers,

Thomas N. Kirk
President and CEO

Us TOO is a 501-c-3 charitable organization founded in 1990 by and for Prostate Cancer Survivors, their families and men at risk
